20TH JUNE, 2023

GOVERNMENT DISBURSED K1,956,000.00 CONSTITUENCY DEVELOPMENT FUND TO 326 YOUTH AND WOMEN'S CLUBS, AND CORPORATIVES IN MSANZALA CONSTITUENCY OF LUSANGAZI

Minister of Local Government and Rural Development, Hon. Garry Nkhombo disbursed the funds to the clubs and cooperatives in Sandwe and Nyamphande Chiefdoms of Lusangazi district.

And speaking during the hand over ceremony, HON. Nkhombo stated that Government was at hand to achieve the most needed developmental agendas in the country including rural areas hence the increased amount of the Constituency Development Fund to K 28. 3 Million from the previous K1.6 million, the introduction of free education policy and skills development support among others and added that education was key to National Development and that was the more reason Government saw it fit to introduce free education and support youths with skills development so that every Zambian may have access to education and be self employed.

Hon. Elias Daka , area Member of Parliament for Msanzala Constituency, thanked Government for the timely disbursement of phase one CDF as this was a clear demonstration of bringing development to rural areas.

Meanwhile, speaking at the same function, Chief Sandwe and Chief Nyamphande of the Nsenga speaking people of Lusangazi District urged the beneficiaries not to misuse the funds but put them to good use so that they generate income and contribute towards the improvement of the Country's economy.

The Traditional leaders thanked Government for decentralizing the utilisation of CDF as evidenced by the disbursement of the funds.

COUNCIL SECRETARY'S WORD

Mr. Mabvuto Masiye
Council Secretary

Welcome to the First Edition of Lusangazi Town Council Msanzala Constituency Development Fund newsletter.

Constituency Development Fund being a government initiative aimed at providing resources to communities to help them implement community development projects in line with the National Development Plan is a way for communities to take control of their development and to ensure that their needs are met.

It is our hope that this newsletter will cover the information gap that exists re-

garding CDF between the community and the implementors .

Our Local Authority will take advantage of this publication to showcase all CDF Projects and activities being undertaken throughout the District. If you take time to read through everything, you will be happy to see that some projects have actually been completed and handed over to the rightful communities.

However more information can be obtained by calling our office using the provided phone number, from our

facebook page and our website provided on page 12 of this publication. Additionally our office is always open to the public for any inquiries from Monday to Friday between 08:00 hours and 17:00 hours.

Enjoy reading and thank you.

LUSANGAZI TOWN COUNCIL

FOREWORD FROM THE COUNCIL CHAIRPERSON

I am greatly pleased to write my first foreword since my election as the Council Chairperson in November, 2022.

I urge you to read this Newsletter as it is a great platform for us to highlight and share with you the developmental projects the Council in collaboration with other partners and the communities of Lusangazi District are doing in the District.

I believe this publication will provide an opportunity for us to engage with each other on issues of common interests in the District.

I am happy to share with you that our District is doing exceptionally well when it comes to implementation of CDF as we have worked on a number of projects in both the education sector and also the health sector. Let me also add that we are actually working in real time as we have already paid for a total of 281 youths out of which 171 are under Skills bursaries in various institutions of higher learning, skills centers and trade Schools,

Ukwimi Trades being one them.

The many other CDF success stories have been highlighted in detail in this newsletter.

Let me also mention that sadly our District has a very poor road network, no modern structures and poor mobile network system in most areas. This has seriously constrained the revenue base of our Local Authority as well as limiting the economic activities in the District. The poor road network has also contributed to discouraging investors from setting up their investment. The only notable economic activity is farming which is still affected by the poor road network as our farmers face difficulties in transportation of both farming inputs and outputs. Our prayer is that our main road can be funded in the soonest time possible to ease our struggles and in the hope of greater developmental activities in Msanzala Constituency.

I am proud to say that under my reign, the Local Authority has embarked on the process of procuring a grader using 2022 CDF which will enable us to easily work on our roads which are currently in deplorable state.

Allow me to commend the increase in the Constituency Development Fund by the New Dawn Government from K1. 6 Million to K 25.7 Million and now K28.3 million in an effort to ensure that the lives of citizens are changed for the better.

A WORD FROM THE AREA MEMBER OF PARLIAMENT

Dear Readers,

I am excited to share with you the positive impact the Constituency Development Fund (CDF) is having on the lives of people in Msanzala Constituency.

CDF is a government fund that is allocated annually to each constituency for development of projects which is currently at K 28.3 Million.

Msanzala Constituency has effectively utilized the Constituency Development Fund to construct, complete and rehabilitate infrastructure in both the education and the health sector. The funds have also assisted in the rehabilitation and construction of some staff houses also in both the education and health sector. water supply has also been enhanced using CDF as a number of

boreholes have been drilled and equipped using 2021 and 2022 CDF allocation for Msanzala Constituency.

Just to add on, economic opportunities have also been created as awarding of construction contracts and other projects such as the making of desks and supply of labor and other necessary materials are prioritizing the locals.

This newsletter will highlight what the constituency has accomplished using 2021 to partly 2023 CDF respectively.

CDF is transforming lives not only in Lusangazi but the nation Zambia at large.

Allow me to applaud the community members of our District as they have been exemplary corporate and have played

their role in the implementation of CDF very well ensuring that everyone benefits equally.

Enjoy reading the 2021 to 2023 CDF Newsletter edition of Lusangazi Town Council.

RANDOM CHECK ON 2022 CONSTITUENCY DEVELOPEMENT FUND GRANTS BENEFICIARIES

The local authority and National Assembly Office took time to check on the progress of Some projects undertaken by some beneficiaries of the 2022 Constituency Development Fund Grants beneficiaries.

In the pictures is a group of women called Tiyanjane Women's Club raring village chickens using the money received from the grants allocated for the year 2022.

The group received a total of K 6000.00 which they had applied for to undertake a project of indigenous village chicken poultry farming. The have managed to build a simple chicken house, purchase some chickens, feeders and feed for the chickens.

The group is expecting the chickens to reproduce in six months which will allow them to sale some and use the money to grow the business further., and also share some profits among the members depending on how much will be realised from the sales.

TWO HUNDRED AND EIGHTY ONE (281) YOUTHS BENEFIT FROM THE 2023 CONSTITUENCY DEVELOPMENT FUND BURSARIES IN MSANZALA CONSTITUENCY

March 16, 2023

Two hundred and eighty one (281) youths are currently benefiting from the skills development and Boarding Secondary school bursaries under the 2023 Constituency Development Fund (CDF) in Msanzala Constituency of Lusangazi district in Eastern Province.

Lusangazi Town Council Secretary, Mabvuto Masiye, confirmed to the Zambia News and Information Services (ZANIS) that the 281 applications were approved by the CDF committee and the youths have since reported to their various learning institutions.

Mr Masiye explained that out of the 281 youths, 171 were being supported in skills development in various higher learning institutions while 110 are being supported in various Secondary Boarding Schools in the district.

Among the skills development the Lusangazi youth are receiving include skills in Agri-Business Management, Power electrical and electronics, Biomedical engineering, General Agriculture, computer studies, tailoring and design, cutting and some craft courses among others.

And Msanzala Constituency Member of Parliament, Elias Daka, urged people in Lusangazi district to take interest in applying for the CDF bursaries as the turn-out of young people applying for the bursaries was low in Msanzala Constituency and the situation led to money amounting to about K 4 million meant for bursaries under the 2021/2022 CDF being channelled to other projects because they were no students to support.

The Msanzala law maker also revealed that most projects under the 2021/2022 CDF were on course and would be completed by mid 2023.

Mr Daka mentioned some of the projects as the grading of the 45 kilometres road from Kalinda Village to Kalama and construction of a 1 by 2 classroom block at Chingolo Primary school and Kalumbi Primary school in Chingolo Ward as well as rehabilitation of a blown off roof at Chikuse Primary school and also added that a 1 by 3 classroom block at Chitwelele Primary school and a health facility staff house where also under construction using CDF in Mateyo Mzeka.

(Story continued from page 10)

Msanzala Constituency Member of Parliament, Elias Daka who commissioned the projects stated that the CDF projects were being undertaken across the district.

Mr Daka said Lusangazi being a rural district, was overlooked during funds allocation in the past but the increase of CDF to K28.3 million from K1.6 million and decentralization of the utilization of funds has created easy implementation of the funds for development purposes.

He said the education sector was prioritised among other projects in the 2022 CDF allocation because the wish of Government was to ensure that every child was educated through the free education policy and good learning infrastructure.

" This 2022 CDF has catered for most schools in the constituency because Government has already provided us with the free education policy so now we have worked on the school infrastructure to allow every child attain

good education including in the rural area such as our district," he said.

The Msanzala law maker assured people of Lusangazi of more developmental projects in various sectors using CDF.

And Lusangazi District Education Board Secretary (DEBS), Wiseman Phiri, who was present at the handover ceremony said the construction and rehabilitation of the classroom blocks in the area would alleviate challenges of overcrowding that were being faced by most schools.

Mr Phiri called on school au-

thorities to take care of the facilities by guarding them so that they were not vandalized.

" We are happy as a department for this development as it will assist curb the overcrowding of schools that is faced by most schools in the area and I am urging the school Authorities to

ensure that the buildings are not vandalized," he said.

And Lusangazi District Commissioner, Mike Tembo said Government was working hard to ensure development was taken to all parts of the country as evidenced by the many projects being undertaken across the district.

Mr Tembo said Msanzala Constituency was doing fine in terms of delivering of the CDF projects and thanked Government for considering Lusangazi in terms of development.

" The Government is very serious with delivering development to all parts of the country as we can see, the CDF projects in our district are a good example," he said.

Meanwhile Lusangazi Council Chairperson, Blackson Tembo stated that time for politics was over as Government was now focussing on developmental activities such as projects under the CDF.

Meanwhile Lusangazi Council Chairperson, Blackson Tembo stated that time for politics was over as Government was now focussing on development such as projects under the CDF.

Mr Tembo said the Local Authority with other stakeholders such as the community in Lusangazi were collaborating well in ensuring CDF projects were delivered accordingly.

" let us not dwell on politics but development as you can see these projects have been commission under CDF and the local authority is coordinating well with other stakeholders such as the community speaking on behalf of the community in the delivery of the CDF projects," he said.

Meanwhile, in Lusangazi, Msanzala Constituency Development Fund Committee Chairperson, Esnart Mwanza thanked Government for prioritising the education sector in the delivery of the CDF projects in the area.

Ms Mwanza urged parents in Lusangazi to stop the tendency of marrying off young girls but take them to school because Government provided both the free education policy and good infrastructure in schools.

" We thank the Government for these CDF projects especially that they have targeted schools, which is a good opportunity for parents to take their children to school and stop marrying off young girls," she said.

DISTRICT COUNCIL

The Council provides a forum for local representation, which empowers the local people to identify and represent local interests to central government and other organisations. It is also a legislative body and has power to make by-laws and regulations.

The operations of the Local Authority are regulated by Central Government through the Ministry of Local Government who has power under the Local Government Act Cap 281 to confirm, amend or revoke by laws issued by the Council and to make regulations which Council should comply with.

Lusangazi District has Thirteen (13) Councilors who are elected (Including the Council Chairperson) and two Chiefs (Chief Sandwe and Chief Nyamphande). Lusangazi district has Eleven (11) wards namely *Chisangu, Ukwimi, Lusangazi, Mawanda Lutwazi, Mateyo Mzeka, Singozi, Nyakawise, Chingolo, Mudonsa and Chikowa*.

ABOUT US

Lusangazi is one of the 15 districts in the Eastern Province of Zambia. It was declared a district in April 2018 by His Excellency the President of the Republic of Zambia, Edgar Chagwa Lungu under Statutory Instrument no. 26 of 2018. Msanzala was a constituency of Petauke district and it has 11 wards. The name Lusangazi is derived from the Lusangazi River which meanders through the district.

It is situated 470km east of Lusaka and 190km west of Chipata. It is located in the southern part of Eastern Province, and lies between 13°30' latitude and 14°45' longitude, 31° west and 32° east. The District shares district boundaries with Petauke in the south and with Sinda and Mambwe in the north-east, as well as Nyimba and Serenje in Central Province in the north-west. The district has a total surface area of approximately three thousand eight hundred and thirty four hectares 3 834Ha (3.834km²).

CROP PRODUCTION

The economic activities are largely linked to agriculture relying on rain-fed crops. The major crops grown are cotton, maize, ground nuts, soya beans and sunflower. There is also horticulture production by small farmers producing healthy oranges, tomatoes, onions, guavas and mangoes.

MINERAL DEPOSITS

Lusangazi district is rich in minerals such as gold and copper as such it already has a number of mining companies already operating with good first grade gold extracts.

LIVESTOCK FARMING

Cattle, goats, donkeys, sheep, chicken and pigs are reared in Lusangazi District.

SOCIAL ORGANISATION

The Nsenga people, who are said to have entered the country from Malawi are predominantly the owners of the land.

The major settlements are concentrated on the Plateau, which covers the central, eastern and southern parts of the District. Most of the valley areas have scanty settlements as it is in the Game Management Area and despite having good soils, is very hilly.
