PLENARY

Members wanted to know what the challenges on Local Taxes Performance are because the revenue collection was very poor

In response the Accountant stated that the low taxes performance rate was due to Land conflicts between the Council and the Settlers, he mentioned that the Council allocated plots to the people but they failed to develop them because of the wrangles which were there and a lot of them did not manage to pay for the plot premium which affected the Local Taxes Performance for 2025.

He also added that the evaluation law was still under Petauke Town Council and had not yet been handed over to Lusangazi Town Council which also affected the Local taxes performance.

Members wanted to know how the local revenue funds was being used.

In response, the Accountant stated that it helps in the Administrative Operation of the Council

Members wanted to know why the Council is not pay for unpaid cash for Work beneficiaries since we are heading towards the end of the year.

In response the Accountant stated that many beneficiaries were paid only few remained. He further mentioned that some beneficiaries were not honest, they got paid and later claim that they were not paid. Members were informed that the Council will engage the Airtel to help in resolving this problem, furthermore members were assured that before the end of the year all the outstanding cash for work payment shall be cleared.

The other unpaid beneficiaries were those with issues such as wrong mobile numbers, inactive mobile number, or blocked mobile account numbers.

However, the Ward Development Committee (WDC) were advised to work together with beneficiaries and come up with the correct records.

The District Commissioner wanted to know if it is true that the Council does not provide stationery for cash for work instead beneficiaries were asked to contribute K5.00 for stationery, she mentioned that cash for work allocation comes with administration cost which is also used to buy stationery.

In the same vein the Assistant Public Relations Officer highlighted some of the works to be done by the cash for Work beneficiaries as follows.

- Vegetation Control
- Construction of Toilets
- Fencing of Borehole
- Unblocking drainages
- Road Maintenance

In response the Health Inspector stated that the Council provide stationery and distributes in all the wards, but the problem was that they were not enough.

HIGHLIGHTS ON DEVOLUTION BY THE SENIOR HEALTH INSPECTOR

The Senior Health Inspector explained to the Members that Devolution was the transfer of powers from the Central to the lower level, he stated that the Government has given its powers to the locals to decide on which community projects should be done in their locality.

He further talked about Zambia Devolution Support Program that was a Community engagement program supported by the World Bank which allows the Community to come with the community projects that will benefit the whole community and also generate revenue to the District. He added that Lusangazi Town Council benefited from this program, the program that was awarded was Modern Community Hall and it shall be established opposite Civic Centre in Lusangazi District.

However, he informed the Members that another funding is coming to Lusangazi in 2026, therefore Members were given opportunity to come up with the community driven projects that will benefit the whole community and also generate revenue to the District or provide better living conditions.

The following were some proposals for projects that could be implemented.

1. Water reticulation System to supply water to the residents within the CBD
2. District Market within CBD
3. Bus Station within the CBD
4. Skills Development Centre Chingolo Ward
5. Stadium outside the Nyakawise Ward
6. Storage Shade Nyakawise Ward

CLOSING REMARKS DISTRICT COMMISSIONER

In her closing remarks, the District Commissioner thanked everyone for attending the meeting and for their participation. She thanked the Council employee for organizing the meeting and for the good presentation. She further encouraged them to work extra hard and generate more revenue to help them in the operation of the Council.

Further, she encourage the Ward Development Committee to work and represent the Committee accordingly and further warned them not to become politicians because the guidelines stated that the WDC should be non-partisan.

She advised the Councilors to change their mind set and educate the Community that Community Projects are no Boreholes and 1x3 Classroom Block only even Road network affect the Community. She further advised them to encourage people who got loans to pay back because it's a revolving some people out there are waiting for the same money.

There being no any other business to transact on the agenda, the meeting was declared closed at 14:20 hours with a closed prayer from Mr. Chembe.

Signed on this 6th day of November
